<b>Number of Places Available:</b> 15	<b>Trainer:</b> Brendan Murphy & Yvonne Booth	
<p><b>Course Description:</b> The Community Reinforcement Approach (<b>CRA</b>) is a comprehensive behavioural programme for treating alcohol and other drug problems. CRA is an evidence-based approach for helping people overcome alcohol and other drug related problems. It is based on the theory that environmental contingencies can play a powerful role in encouraging or discouraging drinking or other drug use. Consequently, it utilises social, recreational, familial, and vocational reinforcers to assist clients in the recovery process. Its goal is to make a sober lifestyle more rewarding than the use of substances.</p> <p>The course fulfils the basic training requirement for participant to go on and seek accreditation as a CRA Therapist. Additional study and supervised practice will be required in order to achieve accreditation as a CRA Therapist.</p>		
<p><b>Course Content:</b> This short course will be based upon the work of Robert J Meyers developments in CRA. Participants will be exposed to the theoretical framework and skills necessary to practice as a CRA Therapist and will have an opportunity to observe, discuss and practice a range of CRA skills and protocols.</p> <p>A description of the CRA Therapist Accreditation Process and costs will also be outlined.</p>
